
Programming Assignment 5: EGG101:Introduction to Engineering Experience , Fall 2019

Problem 1 (10 Points)

1. Build the robotics kit according to the instructions that come with the kit. However, those instructions are not perfect. To help you further, please follow the steps shown here:

https://github.com/JadinTredup/EGG101/tree/master/Robot_Car

The instruction pdf file is at:

<http://www.cs.columbia.edu/~sedwards/presentations/robot-car-instructions.pdf>

Another helpful site is at:

<https://www.youtube.com/watch?v=d9TXtSUNM>

2. **Make a very short video of the robotic kit after building it. Upload on your youtube channel.**
